

# SAFETY DATA SHEET

Issue Date 30-Jun-2015

Revision Date 11-Nov-2020

Version 1

| 1. IDENTIFICATION                 |                                |  |
|-----------------------------------|--------------------------------|--|
|                                   |                                |  |
| Product identifier                |                                |  |
| Product Name                      | Dripstop 946                   |  |
| Other means of identification     |                                |  |
| Product Code                      | MS-946                         |  |
| UN/ID no.                         | UN 3082                        |  |
| Synonyms                          | None                           |  |
| Recommended use of the chem       | nical and restrictions on use_ |  |
| Recommended Use                   | Adhesives.                     |  |
| Uses advised against              | None known                     |  |
| Details of the supplier of the sa | fety data sheet                |  |
| Manufacturer Address              |                                |  |
| Hernon Manufacturing Inc.         |                                |  |
| 121 Tech Drive                    |                                |  |
| Sanford, FL 32771                 |                                |  |
| 800-527-0004                      |                                |  |
| Emergency telephone number        |                                |  |
| Company Phone Number              | 407-322-4000                   |  |
| Emergency Telephone               | Chemtel 800-255-3924           |  |

## 2. HAZARDS IDENTIFICATION

**Classification** 

#### **OSHA Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

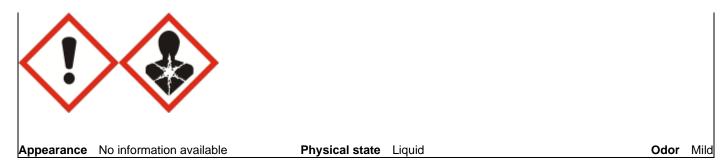

| Skin corrosion/irritation                          | Category 2 |
|--|------------|
| Serious eye damage/eye irritation                  | Category 2 |
| Skin sensitization                                 | Category 1 |
| Carcinogenicity                                    | Category 2 |
| Specific target organ toxicity (repeated exposure) | Category 2 |

## Label elements

**Emergency Overview** 

# Warning

Hazard statements Causes skin irritation Causes serious eye irritation May cause an allergic skin reaction Suspected of causing cancer May cause damage to organs through prolonged or repeated exposure

# **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Use personal protective equipment as required Wash face, hands and any exposed skin thoroughly after handling Contaminated work clothing should not be allowed out of the workplace Wear protective gloves/protective clothing/eye protection/face protection Do not breathe dust/fume/gas/mist/vapors/spray

## **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention IF ON SKIN: Wash with plenty of soap and water Take off contaminated clothing and wash before reuse If skin irritation or rash occurs: Get medical advice/attention

## **Precautionary Statements - Storage**

Store locked up

## **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

## Hazards not otherwise classified (HNOC)

Not applicable

#### Other Information

May be harmful if swallowed

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Substance

| Chemical Name                      | CAS No.    | Weight-% | Trade Secret |
|------------------------------------|------------|----------|--------------|
| POLYETHYLENE GLYCOL DIMETHACRYLATE | 25852-47-5 | 40 - 70  | *            |
| HYDROXYPROPYL METHACRYLATE         | 27813-02-1 | 1 - 5    | *            |
| CUMENE HYDROPEROXIDE               | 80-15-9    | 1 - 5    | *            |
| N,N-DIMETHYL-P-TOLUIDINE           | 99-97-8    | 0.1 - 1  | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

## Description of first aid measures

| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
|--------------|--|
| Skin contact | Wash with soap and water. Flush skin with water for several minutes. Remove  |

|   | contaminated clothing and shoes. If irritation develops, seek medical attention. Wash clothing before reuse.                                |  |  |
|---|---|--|--|
| Inhalation Remove to fresh air. If breathing is difficult, give oxygen. If breathing has stopp artificial respiration. Get medical attention immediately. |   |  |  |
| Ingestion   | Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a POISON CENTER or doctor/physician if you feel unwell. |  |  |
| Most important symptoms a   | nd effects, both acute and delayed  |  |  |
| Symptoms  | No information available.   |  |  |
| Indication of any immediate   | medical attention and special treatment needed  |  |  |
| Note to physicians  | Treat symptomatically.  |  |  |
|   | 5. FIRE-FIGHTING MEASURES   |  |  |
| Suitable extinguishing media<br>Use CO2, dry chemical, or foar  |   |  |  |
| Unsuitable extinguishing  | media No information available.   |  |  |
| Specific hazards arising from No information available.   | n the chemical  |  |  |
| Hazardous combustion p  | roductsCarbon oxides. Nitrogen oxides (NOx). Irritating organic vapors.   |  |  |
| Explosion data<br>Sensitivity to Mechanical<br>Sensitivity to Static Discl  |   |  |  |
| Protective equipment and pr<br>As in any fire, wear self-contain<br>protective gear.  | ecautions for firefighters<br>ned breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full                         |  |  |
|   | 6. ACCIDENTAL RELEASE MEASURES  |  |  |

Personal precautions, protective equipment and emergency procedures

| Methods for cleaning up            | Soak up with inert absorbent material. Store in a closed container until ready for disposa |  |  |
|------------------------------------|--|--|--|
| Methods for containment            | Prevent further leakage or spillage if safe to do so.                                      |  |  |
| Methods and material for containme | ent and cleaning up  |  |  |
| Environmental precautions          | See section 12 for additional ecological information.                                      |  |  |
| Environmental precautions          |  |  |  |
| For emergency responders           | Use personal protection recommended in Section 8.  |  |  |
| Personal precautions               | Avoid contact with eyes and skin. Use personal protective equipment as required.           |  |  |
|                                    |  |  |  |

# 7. HANDLING AND STORAGE

Precautions for safe handling

| Advice on safe handling                                 | Avoid contact with skin, eyes or clothing. Avoid breathing vapors or mists. Wash thoroughly after handling. Ensure adequate ventilation, especially in confined areas.  |  |
|---|---|--|
| Conditions for safe storage, including                  | ng any incompatibilities  |  |
| Storage Conditions                                      | Keep at temperatures between 46°F and 82°F (8°C and 28°C).  |  |
| Incompatible materials                                  | Reducing agent. Strong oxidizer.  |  |
| 8. EXF  | POSURE CONTROLS/PERSONAL PROTECTION   |  |
| Control parameters                                      |   |  |
| Exposure Guidelines<br>Appropriate engineering controls |   |  |
| Engineering Controls                                    | Showers<br>Eyewash stations<br>Ventilation systems.   |  |
| Individual protection measures, suc                     | h as personal protective equipment  |  |
| Eye/face protection                                     | Wear safety glasses with side shields (or goggles).   |  |
| Skin and body protection                                | Wear protective gloves and protective clothing. Use rubber or plastic gloves.   |  |
| Respiratory protection                                  | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. |  |
| General Hygiene Considerations                          | Handle in accordance with good industrial hygiene and safety practice.  |  |

# 9. PHYSICAL AND CHEMICAL PROPERTIES

## Information on basic physical and chemical properties

# **10. STABILITY AND REACTIVITY**

# Reactivity

**Bulk density** 

No data available

#### **Chemical stability**

Stable under recommended storage conditions.

#### Possibility of Hazardous Reactions

None under normal processing.

#### **Conditions to avoid**

Incompatible materials.

#### **Incompatible materials**

Reducing agent. Strong oxidizer.

#### **Hazardous Decomposition Products**

Carbon oxides. Nitrogen oxides (NOx). Irritating organic vapors.

## **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

#### **Product Information**

| Inhalation   | No data available. |
|--------------|--------------------|
| Eye contact  | No data available. |
| Skin contact | No data available. |
| Ingestion    | No data available. |

| Chemical Name                               | Oral LD50           | Dermal LD50            | Inhalation LC50       |

Numerical measures of toxicity - Product Information

## The following values are calculated based on chapter 3.1 of the GHS document

| ATEmix (oral)   | 2,680.80 mg/kg |  |
|-----------------|----------------|--|
| ATEmix (dermal) | 7,585.60 mg/kg |  |

# **12. ECOLOGICAL INFORMATION**

## Ecotoxicity

| Chemical Name            | Algae/aquatic plants | Fish                               | Crustacea                       |
|--------------------------|----------------------|------------------------------------|---------------------------------|
| HYDROXYPROPYL            | -                    | 493: 48 h Leuciscus idus melanotus | -                               |
| METHACRYLATE             |                      | mg/L LC50 static                   |                                 |
| 27813-02-1               |                      |                                    |                                 |
| CUMENE HYDROPEROXIDE     | -                    | 3.9: 96 h Oncorhynchus mykiss      | 7: 24 h Daphnia magna mg/L EC50 |
| 80-15-9                  |                      | mg/L LC50 static                   |                                 |
| N,N-DIMETHYL-P-TOLUIDINE | -                    | 42 - 50.5: 96 h Pimephales         | -                               |
| 99-97-8                  |                      | promelas mg/L LC50 flow-through    |                                 |

## Persistence and degradability

No information available.

## **Bioaccumulation**

| Chemical Name                            | Partition coefficient |
|--|-----------------------|
| HYDROXYPROPYL METHACRYLATE<br>27813-02-1 | 0.97                  |
| N,N-DIMETHYL-P-TOLUIDINE                 | 2.81                  |
| 99-97-8                                  |                       |

Other adverse effects

No information available

# **13. DISPOSAL CONSIDERATIONS**

## Waste treatment methods

**Disposal of wastes** Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging

Do not reuse container.

## US Federal Regulations

## SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

| Chemical Name                  | SARA 313 - Threshold Values % |
|--------------------------------|-------------------------------|
| CUMENE HYDROPEROXIDE - 80-15-9 | 1.0                           |

#### SARA 311/312 Hazard Categories

| Acute health hazard               | - |
|-----------------------------------|---|
| Chronic Health Hazard             | - |
| Fire hazard                       | - |
| Sudden release of pressure hazard | - |
| Reactive Hazard                   | - |
|                                   |   |

#### CWA (Clean Water Act)

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### **CERCLA**

This material, as supplied, contains one or more substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302)

| Chemical Name        | Hazardous Substances RQs | CERCLA/SARA RQ | Reportable Quantity (RQ) |
|----------------------|--------------------------|----------------|--------------------------|
| CUMENE HYDROPEROXIDE | 10 lb                    | -              | RQ 10 lb final RQ        |
| 80-15-9              |                          |                | RQ 4.54 kg final RQ      |

## US State Regulations

## California Proposition 65

This product contains the following Proposition 65 chemicals

| Chemical Name                      | California Proposition 65 |
|------------------------------------|---------------------------|
| N,N-DIMETHYL-P-TOLUIDINE - 99-97-8 | Carcinogen                |

## U.S. State Right-to-Know Regulations

| Chemical Name        | New Jersey | Massachusetts | Pennsylvania |
|----------------------|------------|---------------|--------------|
| CUMENE HYDROPEROXIDE | Х          | Х             | Х            |
| 80-15-9              |            |               |              |

## U.S. EPA Label Information

EPA Pesticide Registration Number Not applicable

## 16. OTHER INFORMATION, INCLUDING DATE OF PREPARATION OF THE LAST REVISION
